FORTIETH ANNUAL INSTITUTE OPENS

Lorain County Farmers Flock to Ridgeville for Three-Day Event--Red Cross Chapter Presented With Silk Flag — Thirtieth Consecutive Meet at Same Place—Local and State Speakers Talk on Big Issues of the Day

The fortieth annual session of the orain County Farmers' Institute ssociation opened at North Ridgeille, Wednesday. As usual the little llage was alive with people making reparations for the day's work. ev. Dr. Riedenger offered the openig prayer.

Address of Welcome.

Rev. C. C. Maple gave the address welcome. He said the farmers of orain county have been coming to idgeville for over thirty years to tend this institute. It is the oldt organization of its kind in Lorain unty. It was organized at a day hen Farmers' Institutes were a w feature in the life of the Ohio rmer. Forty years have marked any changes in the method of soil eatment and many are the improveents in the farms and farm homes. is interesting to go through idgeville township and notice the any improvements that have been ought about as a direct result the suggestions made at the rmers' Institutes.

"The Institute is a school of inuction and to such we welcome u."

President Schmittkons responded a few well chosen remarks. He ated that the Farmers' Institute d been a help to him and he as a rmer could say that the farmers d a record that they did not need be ashamed of. "We meet not to how much we can get out of the blic but to see how we can best ve the age in which we live," he d. "We are in this meeting looking over the past years and making first day historical, but we are o to hear about the future. A w day is dawning in agriculture d the farmer must be ready to e his place.

The Jubilee Singers gave a very [illegible] selection, and Dr. John Rutledge, of Cleveland, gave the ning address, "The Place of the rmer in American Life and Civiization."

Dr. Rutledge Speaks.

REPORT EIGHT DROWNED WHEN BOAT CAPSIZES

Message From Captain of Floundered Vessels Fails to Reveal Tragedy

(By Associated Press)

Halifax, Nova Scotia, Jan. 22—Eight lives were lost when a boat from the transport Pacific overturned yesterday in an attempt to transfer passengers from the disabled transport Powhatan, according to officers of the steamship Bardic, which arrived here today.

The Bardic officer said this statement was based on a wireless message received while on the way to Halifax after having failed in an attempt to take the disabled transport in tow.

A wireless message from Captain Randall of the Powhatan timed 10 a. m., today, said he had started for Halifax in tow of the Canadian steamer Lady Laurier at nine o'clock. He said there was no change in the condition of the ship and that a transfer of passengers would not be attempted "Unless everything is absolutely favorable."

OVER MILLION COLLECTED IN TAXES SO FAR

Approximately $70,000 by Delinquents Remain to Be Collected in Lorain County

Deputy Treasurer Walter Ludwig states that the January collection of taxes has been fully up to expectations. Thus far the books show that $1,237,966.53 has been collected and there will be about $70,000 added to this sum.

The total tax budget for the year amounts to about $2,697,716 which develops that the amount paid in for the half year is nearly one-half of the total amount desired. As a consequence the delinquent tax list will be smaller this year than for some time.

Mr. Ludwig states that some townships have almost entirely paid up their assessment. The budget given above for the year includes delinquents and forfeitures, but does not include the amount supposed to be collected for taxes on dogs.

HEATHERS HELD BANQUET, HEARD MANY SPEECHES

The banquet given last evening at the Sanko restaurant by the employees of the board of health, to the members of the board, which was originally planned as a farewell, when it was thought that the original Hughes bill had legislated them out of office, developed into a love feast and those present lingered around the festal board until a late hour, being loth to leave.

Present were Mayor Jones, members of the board, R. R. Stetson, J. W. Hoak, Carl Mueller, Geo. Theobald, Health Officer Dr. George French, Sanitary Officer F. H. Williams, Food Inspector George Savage, City Chemist Curtis and Chas. C. Lord.

The banquet was all that could be desired and was followed by a number of short talks.

R. R. Stetson acted as toastmaster and called, successively upon Mr. Mueller and Mr. Theobald, who spoke of the habits of their native countries, Denmark and England, also Rev. Hoak, Dr. French and Mayor Jones. The mayor took occasion to compliment the members of the board and their employees for their faithfulness to duty which they had performed without compensation, fearlessly and with but one purpose and that was to safeguard the health of the citizens. Both Dr. French and Mr. Hoak, stated that many times they had disagreeable duties to perform, but that they had done what seemed best when the occasion arose, and should continue to do so in the future. The mayor informed Mr. Mueller that his term had expired and at once re-appointed him to the position.

It was a real get-together meeting, and resulted in a better understanding between the various branch of the city government that will result in much good in the future.

PROPOSES NEW BILL

(By Associated Press)

Washington, Jan. 22.—Disapproving both the Sterling and Graham Sedition Bills, Attorney General Palmer in a letter today to Chairman Campbell of the House Rules Committee proposed a new measure which would provide fines, not exceeding ten thousand dollars and imprisonment of not more than twenty years for persons convicted of attempting to over throw the government or of acts of violence against the government or its employees or agents while in the discharge of their official duties.

REFERENDUM IS VOTED DOWN IN NEW TAX BILL

Columbus, Jan. 22—Stripped of its referendum provision by vote of the joint taxation committee of the legislature after it had passed the house yesterday, the Smith law bill was expected to be accepted in its modified form by the senate today and then be sent back to the house for concurrence in the senate amendments.

Declaring the bill as it passed the house "unworkable," the joint committee struck out the clause authorizing the submission to popular vote of the question of exceeding the limitations of the Smith law.

The committee approved the restriction providing for levy of interest and sinking fund charges against the Smith law on bonds outstanding January 20 of this year, and made it applicable to bonds authorized but not issued on that date as well as to deficiency bonds authorized to care for 1920 deficiencies.

The Smith bill passed the house by a vote of 67 to 35. RepresentativeJ. S. Miller of Stark county was the only Republican to vote against the measure. The Democrats presented a solid line-up in opposition

ONE-LEGGED MAN STARS AS SKATER

Corporal Faulkner in action on the ice.

Corporal Faulkner of Toronto has not permitted the loss of a leg in the war to end his days as a skater. Faulkner was a star skater in Canada before the conflict. When he returned from France minus a leg he decided to learn to skate without it and has succeeded to such an extent that he is in big demand for exhibitions.

SUGGESTS FEED BOARDS FOR STARVING BIRDS

A lover of birds has suggested that at the present time feed boards should be put out so that the feathered tribe will not starve during the present cold snap.

The ground is completely covered with snow and the birds have no way to get to the ground. In past years many have perished during similar periods, but they can be saved by a little thoughtfulness along this line.

AMERICANISM MEANS SQUARE DEAL, HE SAYS

Dr. John Rutledge of Cleveland, Delivered Address at Noon to Kiwanis Club Dinner

Fifty members and nine guests attended the weekly noon-day lunch of the Kiwanis club at the Andwur hotel today, and listened to a stirring address by Dr. John Rutledge, of Cleveland, on "One Hundred Per Cent Americanism."

The speaker laid the foundation for his talk by stating that our war legacy consisted of debt, high cost of living and unrest. The task that now confronts Americans is to maintain its leadership in the nation of the world, not geographically, for Americanism as an ideal will not stand still. Americanism means a square deal, and we must co-operate in industry. It is a fact that industry makes the man. He has an opportunity in this country of accumulating wealth and earning a home for himself. Every man should make it a point to attain that goal, and thereby become more independent.

Bolshevism has no place in this country the speaker declared, and cannot live under the conditions that prevail here if every man does his full duty. The speaker illustrated his points by many telling illustrations, and was listened to with intense interest by those present who expressed themselves as highly pleased with what they had heard, and expressed the desire to hear the Reverend gentleman again.

PREDICTS RUIN OF HUNGARY IN ALLIES' TERMS

Vienna, Jan. 23.—Acceptance of thhe treaty was drafted would mean "cultural downfall" for Hungary, Count Albert Apponyi, former Hungarian premier and head of the Hungarian peace delegation, who is returning to Budapest from Paris with the allied peace terms, declares. The count's assertion followed the expression of his belief that such a peace as was proposed for his nation could not last.

"Concerning internal physical conditions of Hungary," said Count Apponyi, "we have been pillaged of everything. In the first place we had the hardships of war; secondly, we had two communist administrations when all our money was spent abroad for propaganda; and thirdly, the Rumanians robbed us of manufacturing machinery, even printing plants and railroad eqipment, so that we now have only twenty-seven locomotives.

"Economic Crime."

"Our agricultural interests, which the central European powers ruined by taking away our livestock, is in a condition of general devastation beyond the river Theiss.

"I tried to make Premier Lloyd George and others see it is in the general interest of humanity to assist us and that cutting us up is an economic crime. As proposed in the treaty we should have no wood lumber, coal, salt, iron or oil. It is mockery to ask us to live after these are taken away.

"At Friday's sitting it was declared officially that the treaty as proposed would find no signers in Hungary. Such terms mean permanent unrest among us and also in Europe. Owing to our position on the line between eastern and western Europe, if we are unstable so will be the Balkans.

Traditions Destroyed.

"The nationality principle is constructed in defiance of geography and economics and also destroys the traditions of the people whom it cuts off from home. From generation to generation there will be revolts. It is a transfer of national leadership to races inferior in culture. It is the destruction of our schools and universities, leading the people back to ignorance. It is cultural downfall, that mankind cannot witness without abherrence."

DUTCH DRAW UP REPLY TO ALLY KAISER DEMAND

Entente Officials Demand Will be Refused by Holland—Predict Long Delay

London, Jan. 22.—The Standard reports that Holland has made her reply to the demand for the extradition of ex-Kaiser William. It is reported that the setatement is made that it is impossible to extradite him at the call of a third nation if his own country does not demand his extradition.

The Hague, Jan. 22.—The reply of the Dutch government to the demand of the allied powers that the former German emperor should be given up to them for trial is being drafted and will be forwarded some time this week to the Dutch minister at Paris for communication to the allies.

Although Holland is determined to stick closely to diplomatic precedent and not publish or intimate the text of the reply until it is delivered, there is apparently no cause at the present time to make any change in the prediction of the Dutch newspapers that the Dutch government will decline to accede to the demands.

The Associated Press has been informed by a high official that the former German emperor has been in no way consulted about the reply, nor had he even been officially informed of the demand for his extradition.

London, Jan. 22.—Sir Ronald Graham, the British minister at The Hague, expects prolonged negotiations over the allies' demand for the surrender of the ex-kaiser for trial, it was learned from an authoritative source today.

It is believed Holland will interpose legal technicalities and the negotiations may result in the exchange of several communications between the allies and the Dutch government.

There are indications that Holland probably will raise the following points:

1—The United States did not sign the request for William's extradition, although the treaty of Versailles provides that there shall be an American judge on the international tribunal.

2—The demand infringes the right of political sanctuary.

3—The charges preferred against former emperor constitute a departure from international procedure.

While it is possible Holland may not refuse outright to give up the erstwhile German war lord in the preliminary reply it is expected that the Dutch government will emphasize the fact that representations have been made to the royal refugee to surrender himself. It is not known here how William received that suggestion.

Reports from The Hague state that the Dutch officials are giving the closest scrutiny to the allies request and are taking time to draw up a most careful reply.

It is understood that the allies are prepared to act quickly, no matter what may be the contents in the preliminary Dutch reply.

U. S. MARINES GUARD MODEL HAITI JAIL TO KEEP 'GUESTS' OUT

Port Au Prince, Haiti, Jan. 22—Officers of the United States marine corps who have charge of the penitentiary here have had to issue special orders to keep the natives from breaking into their model jail.

Recently a check roll call of prisoners showed an excess of five over the number regularly committed there by law. Investigation showed that the five had sneaked in with a returning road gang, lured by the prospect of three good meals a day and a comfortable cell in which to sleep. Now every party of prisoners working outside the walls is carefully counted before it is admitted.

AUTO TAX LAW HELD VALID BY COMMON PLEAS

Columbus, Jan. 22.—Upholding the constitutionality of the law imposing a graduated tax on automobiles, Judge E. B. Kinkaid of the common pleas court of Franklin county yesterday ruled for the state against the Ohio State Automobile Association, which brought suit to render the act void.

No statement had been made [illegible] by the association's representatives as to whether an appeal would be taken. Should Judge Kinkaid's decision be sustained by the court of appeals [illegible] of the seven votes in the supreme court would be necessary to invalidate the law.

WHO'S WHO?

SIR OLIVER LODGE

Sir Oliver Lodge noted English scientist who has attracted world-wide attention by his investigations of spiritualism and his book Raymond is now in the United States for a lecture tour. It is his first trip to the U. S. since 1884.

Sir Oliver Lodge.

Sir Oliver is more than six feet tall, has a gray beard and is sixty eight years old. His father was a physician of ed to scientific limited means and he was destined for a business career but he switch studies and for more than twenty five years has been associated with the English Society for Psychical Research.

In his book "Raymond or Life After Death" which he published two years ago Sir Oliver describes how he was able to communicate with his son Capt. Raymond Lodge who died on the battlefield.

Sir Lodge expresses surprise that America accepted prohibition. "Eng land and Scotland are not ready for it. I'd rather each individual for himself as far as bottle spirits are concerned," he says.

Lady Lodge, a dainty, sweet little woman is accompanying Sir Oliver on the trip.

LEONARD WOOD, ADMINISTRATOR

WOOD HAS VARIED CIVIL EXPERIENCE

ADMINISTRATIVE QUALITIES ARE TESTED AND PROVED IN HANDLING GREAT BUSINESS PROBLEMS.

By EDWARD B. CLARK

From time to time people ask, "What has been the administrative and business experience of Leonard Wood? What has been his experience with men outside of the army? What does he know about conditions in the different parts of the United States and in our overseas possessions? Has he any thorough knowledge of foreign affairs and of our foreign relations?

The administrative qualities of Leonard Wood have been tested and proved. No American living has been tried more thoroughly than he in complex fields of constructive civil work administrative work of the highest order which carried with it the necessity for the exercise of keen business acumen.

The republic of Cuba, built upon firm democratic foundations is a monument to the administrative ability of Leonard Wood. In the Philippines is to be found another monument to his statesmanship.

Leonard Wood graduated in medicine from Harvard University in 1884 and served for more than a year in one of the great hospitals later to take charge of the charity departments in a section of the city of Boston where the poor lived.

Not long after the completion of Wood's work in Boston he became an assistant surgeon in the army coming into contact with the western plains man, the miner the people generally and giving much of his time to the work of assisting the Indians and to a study of the problems of irrigation and reclamation.

Then for Leonard Wood there came four years in California. He covered the state many times in pursuance of his duties and extended his field as occasion required into the states of the Northwest. Then for two years he was in service in the South having headquarters in Georgia.

From the South Leonard Wood went to the city of Washington where his work brought him into daily contact with Grover Cleveland. Then he had the same intimate relations with William McKinley and the men of his time.

Then came the Spanish war and the active campaign in Cuba as the colonel of the regiment of rough riders of which Theodore Roosevelt was the lieutenant colonel.

At the close of the Spanish war Leonard Wood's supreme administrative duties began. He was made the governor of the city of Santiago and a few weeks later of the entire eastern half of Cuba.

Under Wood profiteering was abolished, industry was built up agriculture rehabilitated hospitals organized equipped and maintained tens of thousands of people clothed and fed—and all this done in a thorough businesslike manner. It was done under tribulations which arose from the fact that the people were impoverished to the point of starvation and had been dying by thousands for the lack of the things which Wood quickly provided.

Then there came the rehabilitation of the municipalities the establishment of schools the opening of roads the organizing of government in the provinces, the readjustment of taxation and of the courts, and the work of providing for the thousands of children made orphans by war or famine. There was more business and more varieties of it than it has been the lot of many men ever to have placed upon their shoulders.

Not long after this there came the greater opportunities in Havana. It was necessary to re-write the election laws to make them fit the habits of the people. Production had to be stimulated for agriculture was the main source of the island's wealth. Here again the same measures were followed and as a result there were established law and order, protection of life and property, and liberty within the law.

These were the foundation stones. Wood knew that the government must be run by the Cubans, and so 90 per cent of the officials engaged in the great work of reconstruction were selected from the people of the island. The Cubans were taught government while the government was being built and thus they were able to run it when the rule of the island was turned over to its inhabitants.

When it became necessary to reorganize the Cuban railroads Wood secured the services of Sir William Van Horne president of the Canadian Pacific and of Granville M. Dodge, builder of the Union Pacific.

The same general policy was followed in dealing with the problem of caring for the tens of thousands of orphans that had been left by the war. Homer Folks commissioner of charities of the state of New York, was called to Cuba by Wood to aid in the establishment of a system for placing and permanently caring for these little desolates. Chief Justice White of the Supreme court of the United States at that time an associate justice, was consulted as to the method to be pursued in reorganizing the courts.

Leonard Wood was in Cuba about four years. He left there a reorganized and sound banking system a good railroad system no debts, nearly $2 000 000 unincumbered money in the treasury a sugar crop of nearly 1 000 000 tons, sound municipal laws, fine public works a firm agricultural foundation and an absolute respect among the people for life and property. The school system which Wood established was founded on the laws of Massachusetts and Ohio. Roads were built which made communication speedy. The hospitals erected under his supervision were of the highest type.

Lord Cromer said he wished this American officer was available to follow him in his reconstruction work in Egypt. Elihu Root said this work never was paralleled in colonial possessions anywhere. Theodore Roosevelt said that Leonard Wood "has rendered services to Cuba of a kind which if performed three thousand years ago would have made him a hero mixed up with the sun god in various ways."

After the Cuban experience Wood was for five years in the Philippines confronted with the difficult labor of establishing a civil government, this time among a Mohammedan people. There he did the same successful work he did in Cuba.

This period of residence in the Philippines gave Wood an opportunity to study conditions in the British colonies Borneo Singapore, and to keep in close touch with conditions in Japan and along the China coast. Wood traveled through India, spent some time with the Dutch in Java, and with Lord Cromer in Egypt. He gained and retained knowledge of all which at that time came under his studious observation.

Then Leonard Wood became chief of the general staff of the United States army in whose hands rested very largely the direction and administration of the military establishment which after all is 90 per cent a business matter.

The administrative career of Leonard Wood is spread upon the record of his country. The work which he has done is lasting. It is a statesman's work.

A Creeper for Garage

BY GRANT M. HYDE

If Father likes to take care of his own car as many car-owners do, he has probably often wished that he knew of some scheme to make easier the work of getting under to reach out-of-the-way grease-cups on the chassis. Why not build him a "creeper," like those the mechanics use in the repair-shops—or rather a wooden imitation of the spring affairs they use?

The creeper should be made strongly and of good sound wood—clear-grained pine, yellow pine, cyprus, or anything else that is handy—for Father is heavy. The stock for the frame work should be ¾-in. wood, 4 or 5 in. wide (B and B are 18 in.

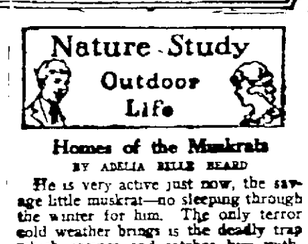

long, A and A are 36 in. long.) Fasten the joints with screws. The platform on top should be made of some lighter boards, about ½-in. thick taken from grocery boxes—strong but flexible enough to bend a little.

For wheels, get four strong furniture castors—preferably with metal wheels—at the hardware store. Select castors that have locking devices which drive into the holes first and keep the castors from falling out. Bore holes for the castors in the frame-work at C, C, C, and C before you nail down the top boards.

A head-rest will be a much-appreciated addition to the creeper for Father will tell you that his neck gets tired when he is working under the car. The standard (D) for the head-rest should be cut out of a 2x4 and should be about a foot long, slanted so as to hold the rest about 4 in. above the creeper. The crosspiece should be a 1-in. board 5x8 in., covered with cotton stuffed cloth. As it is often handy to take off the head rest for certain kinds of jobs, fasten it to the creeper with two long stove bolts.

Homes of the Muskrats

BY ADELIA BELLE BEARD

He is very active just now, the savage little muskrat—no sleeping through the winter for him. The only terror cold weather brings is the deadly trap which springs and catches him without warning. Once in its clutches, it is all up with Mr. Muskrat, because his warm, winter coat is coveted by humans who dress and dye it and call it Hudson Seal.

Many boys trap muskrats and sell their skins; they do it near my home. From the price they receive, you would never think a Hudson Seal coat would cost almost five hundred dollars, but then it takes a good many skins to make one coat. In spite of the trappers, there seems little danger that these small animals will be exterminated, for, like Molly Cottontail, Mrs. Muskrat rears several large families in one season and they grow up very fast.

Muskrats live in and near the water and they are very good swimmers even under the ice. They have two KINDS OF HOMES, burrows and houses which closely resemble those of the beaver. The BURROW is quite elaborate with numerous galleries, some leading to the several rooms from under the water front door and others extending inland with back doors opening on dry land. When these burrows cave in, they are liable to do some damage to levees and dams as well as fields.

The HOUSE stands in shallow water and looks like a heap of drifted sticks, marsh grass, and reeds. Nevertheless, it is well built, supported by growing reeds, and held together with mud. Above water level there is a room from which several passages lead downward, the entrance is under water.

You can not get very near the muskrat house without a boat, be-

cause the marshy ground is so insecure, to try it means being very spry and jumping instantly from one sinking foothold to another—as I have done—to keep from going in over shoe top.

HAVE COLOR IN CHEEKS

Be Better Looking—Take Olive Tablets

If your skin is yellow—complexion pallid—tongue coated—appetite poor—you have a bad taste in your mouth—a lazy, no-good feeling—you should take Olive Tablets.

Dr. Edwards' Olive Tablets—a substitute for calomel—were prepared by Dr. Edwards after 17 years of study.

Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil. You will know them by their olive color.

To have a clear, pink skin, bright eyes, no pimples, a feeling of buoyancy like childhood days you must get at the cause.

Dr. Edwards' Olive Tablets act on the liver and bowels like calomel—yet have no dangerous after effects.

They start the bile and overcome constipation. Millions of boxes are sold annually at 10c and 25c. Take one or two nightly and note the pleasing results.

SECRETARY OF NEW POLITICAL PARTY COMING

Allen McCurdy to Explain Principles at Sturge's Hall Monday Night; Party Favors Public Ownership of All Essential Living Commodities

Oberlin Jan. 2.—Allan McCurdy the executive secretary of the committee of Forty Eight will speak at the forum meeting at Sturges hall Monday, January 26th, at 8 o'clock. Mr. McCurdy speaks in the interests of the movement to form a new political party recently set on foot at a meeting of delegates in St. Louis. A booklet is being sent out explaining the purposes of the movement. This mentions among other things the following:

The purpose of this conference is to formulate and present to the American people a program of political action which is honest workable and fundamental.

The failure of the government to reduce the high cost of living * * * the growing control of basic resources and industries by trusts * * * constitute a demand of the right to life, liberty and the pursuit of happiness."

There is a growing realization also that relief cannot be hoped for through the two old political parties * * * both are controlled by the same economic forces which constitute an invisible government not representative of the people.

The following are the three planks upon which it is proposed to form the new party:

(1) "Public ownership of transportation, including stockyards, grain elevators, pipe lines and tanks. Public worship of other public utilities and of the principal natural resources such as coal, oil, natural gas, large water powers and large lumber tracts."

(2) "No land or patents to be held out of use for speculation to aid monopoly."

(3) Equal economic, political, and legal rights for all irrespective of sex or color. The immediate and absolute restoration of free speech, free press, peacable assembly, and all civil regihts guaranteed by the Constitution. We demand the abolition of injunctions in labor cases. We indorse the effort of labor to share in the management of industry and labors right to organize and bargain collectively through representative of its own choosing."

tion. The theme of the meeting was that the world is in great need of Christianity. The civilization which is ours can be promoted in foreign countries only through Christianity. Men and women are needed to go to the foreign countries and men and women in America are needed to back those who go to the foreign field.

Mr. Penfound spoke on the subject "The Convention and the Student."

The convention at Des Moines was the largest of its kind ever held in the history of the country. There were over 7000 students from all the collegiate institutions in the United States and Canada, gathered for a week's session.

POLICE CHIEF SHOT DOWN IN DUBLIN STREET

Dublin, Jan. 22—Assailed so suddenly that he had no opportunity to defend himself Assistant Commissioner of Police Redmond was shot and killed in Harcourt street last night

His slayer escaped although the murder occurred on one of Dublin's principal thoroughfares and police responded quickly to the outcry that was raised.

Redmond evidently tried to draw his revolver when attacked, for his right hand was clutching it in his pocket.

Redmond's success as a constabulary officer in Belfast recommended him as a valuable aid in co-ordinating the Dublin police and he recently was brought here for that purpose.

He devoted himself mainly to securing more efficiency in the detective department. which had been criticized for failure to arrest the murderers of several policemen.

While police were scouring Dublin and its environs for trace of Redmond's assassin, report was received from Thurles that another constable was badly wounded by a mysterious gunman while returning to his home there. Search of several houses and examination of pedestrians in the district where the shooting occurred failed to land the murderer.

MANAGER CITES ECONOMIES IN RAIL TRAFFIC

Washington, Jan 22—Transportation of large bodies of troops demobilized after service in France was the biggest factor in swelling the passenger traffic total handled by American railroads last year, Regional Director L. W. Baldwin declared, in a report to Director General Hines covering operations in the Allegheny region. During the year there were 7,851,319,252 revenue passengers carried one mile over the railroads in the Allegheny region as compared with 7,112,475,453 the preceding year.

Director Baldwin declared the roads were called on to handle 8,772 troop trains with 3,418,333 men. The peak of the troop movement was reached in July.

Economical co-ordination of train facilities was continued during the year and resulted in a total saving of $15,912,679, the director declared One of the economies introduced, he cited, was the discontinuance of pay trains and a new system installed of paying employees by checks. Baldwin stated this method alone effected a saving of approximately $200,000 on the Pennsylvania railroad lines, east. Another saving reported was $6,600,000 in wages and fuel, effected through reductions in terminal detentions of trains.

THE WOMEN OF YESTERDAY

It was to the Countess de Cinchon, the influence she used at every court of Europe, and finally at the court of Rome that the world owed the use of Peruvian bark and consequently of quinine.

In 1736, at the age of twenty-four, Elizabeth Blackwell of London, published a work on medical botany, the first of its kind in any country

Of the pioneer women preachers in America, among them the late Anna Howard Shaw and Phoebe Hanaford, the sole survivor is the Rev. Olympia Brown of Wisconsin

"ALFALFA QUEEN" WOULD HELP WOMEN ON FARMS

Mrs Jessie B Bacon "Alfalfa Queen of the World," is in Nebraska from New York seeking to organize a woman's division of the Nebraska Farmers' congress. Mrs. Bacon owns 6,000 acres of alfalfa land

An idea of the income that the "Alfalfa Queen" enjoys may be gained from the fact that off 300 acres of her land last summer the cleared $20,000

"That I raise more alfalfa than any other woman in the world is of small importance compared with the fac that thousands of farm women are subjected year after year to the hardest drudgery It is to make their tasks lighter that I am now devoting my energies toward creating a woman's division. I am here to help them organize, and I am ready to devote all the time necessary to make it a success."

Mrs Bacon simply grows the alfalfa on her ranch, has it stacked and then sells it to live stock owners who bring their herds to her ranch and winters them there, thus fertilizing her acres anew each year.

LONDON BANKS TO DISMISS WOMEN CLERKS

Women bank clerks in London have enlisted public interest and sympathy by their organized resistance to the dismissal notices lately sent to thousands of them. The protest against summary dismissal has proved so strong that many of the banks are yielding to it

Some of them have tried to make amends by promising to retain all the women clerks now in their employ and to allow them a bonus of two months' pay for those in service for one year. One bank has decided to allow women up to the age of thirty to compete for positions on the permanent staff and to pay them at the rate for men

Miss Evans, secretary of the Association of Women Clerks and Secretaries, which conducted the campaign of resistance, says some of the banks which were firmest in their purpose to dispense with women have agreed to dismiss only those women who must make way for the return of ex-service men to their former posts, and these banks will temper the dismissals with bonuses for faithful and capable work.

NEWS NOTES FROM MOVIELAND
BY DAISY DEAN

Marie Prevost.

It is much easier to be a prima donna a tragedienne or a Sophie Tucker than to be a Sennett star at least that is the opinion of pretty Marie Prevost who long since attained a steller position with the famous Sennett bathing girls Marie asks anyone who disagrees with her to imagine some of the greatest stage luminaries and singers garbed in one-piece suits emerging with eclat from a bath in the spot light. agree with Marie on that one but the mere thought of such an event is terrible Here is Mr Sennett's idea of what a bathing girl must be

A Mack Sennett staar must be able to slip herself into the limitations of the one piece and be able to look the whole world in the face with serene if not impudent immunity from reproach She must be able to accomplish this nautical, and perhaps naughhty, effectiveness with symphonic results of blended contour and harmony And she must also qualify for the conventions of skirts therein sometimes to act with emotional sincerity or comedy results according to the exactions of the role assigned to her She must by all means add loveliness of countenance and vivacity of manner to gifts of a pleasing personality and suggest in her deportment the decorum of personal propriety

Some order! And to think Marie is all of that!

MATT MOORE IS BUSY

Matt Moore is holding down two jobs at once He is playing the leading role in Marshall Neilan's newest production and is cast opposite Louis Glaum in the J Parker Reid picture now in the making under the direction of Joseph Henaberry Matt went out west for a vacation And so it goes

MRS. WALLY REID AT WORK

Dorothy Davenport otherwise known as Mrs Wallace Reid is returning to the screen She is playing an important role in "The Fighting Chance" with an all-star cast of players headed by Conrad Nagel and Anna Q Nilsson

"BLIND YOUTH" SCREENED

They have started "Blind Youth" at the Brunton studios without the youth Featrice Joy is playing the leading feminine role but the person for the name part has not been selected

Connie Talmadge is always keeping people guessing In her pictures she is usually a little disturber and in real life she seems much the same When she had her hair bobbed in a moment of frivolity she startled everybody She was not content however to merely bob her own hair— she tried to get every one of her screen friends to do likewise Viola Dana and the Gishes and all the rest of her acquaintances were tempted by the pretty Miss Talmadge to do away with their long and unruly locks In fact Connie was so very persistent that her friends used to hide the scissors when she paid them a visit

Now Miss Talmadge has startled everybody by refusing to comment upon her reported engagement We know several swains who are pining away because they feel sure that the report is true that Miss Constance Talmadge the pretty sister of Norma and Natalie is engaged to Irving Berlin the famous composer of popular music Neither of the two will have anything to say about the report and in view of the fact that recently the two have been seen together often well there seems to nothing for the disappointed youths to do except transfer their affections to Natalie the youngest Talmadge

A STAR OF YESTERYEAR

Maurice Costello he of the curly hair and romantic build who thrilled feminine fans when the Biograph and Vitagraph were the only two companies mentioned in movie circles Maurice, the popular who used to win every favorite leading-man contest is at present engaged in Corine Griffith's newest picture "Humane Collateral"

GOSSIP BITS

Madlaine Traverse Fox star, having completed "WhatW ould You Do?" Denison Clift's original story is taking a short vacation

One awaits eagerly the screen appearance of Doris Keane in "Romance" the play in which she was so remarkable on the legitimate stage

When you see "Humoresque" on the screen you will know that Fannie Hurst the author liked it even if it doesn't meet with your approval Frank Borsage made the adaptation Alma Rubens is the star

Charles Ray for some reason or other, never seems satisfied with the first name he picks for a picture The title to the one which has been referred to up to date as "Watch Out William" has been changed to "A Village Sleuth"

REAL ARTISTS APPEAR IN 'PERFECT LOVER' COMING TO COLONIAL

The extent to which a motion picture company will go in an effort to make everything as true to life as possible is seen in "The Perfect Lover" Eugene O'Brien's first Selznick starring production, which comes on Sunday Monday and Tuesday to the Colonial theatre

Mr O'Brien plays the role of a villain his young artist and several scenes in the play represent an art studio To make certain of getting the proper atmosphere and realism, Director Ralph Ince engaged over a score of real artists from the Art Students League to appear in the production These artists brought all their own materials to the studio even their own model, and went about their work in regular every day style

During the days in which they worked in "The Perfect Lover" each one of the artists completed a painting that would be worthy of a place in any gallery The gradual completion of the paintings from the first rough sketch to the perfected product can be seen as the scenes in "The Perfect Lover" unfold

MR. RALPH DUNBAR

Who a Few Weeks Ago Gave Elyria His Wonderful Production of De Koven's Masterpiece "Robinhood," Will Present the Great Comic Opera

The Chocolate Soldier
By George Bernard Shaw and Oscar Straus

About the Opera

"The Chocolate Soldier" is an adaption of George Bernard Shaw's scintillating comedy "Arms and the Man" which Richard Mansfield inimitably interpreted to America.

The music by Oscar Strauss accentuates the cleverness of the story The locale—the Balkan Mountains with their picturesque characters, typical Bulgarians and Serbians contributes notably to the production of a comic opera of striking beauty and intrinsic merit which has been heard only in the larger cities This production is the second of Ralph Dunbar's revivals of operatic masterpieces

ALICE BRADY IN 'The FEAR MARKET" REALART PICTURE

The most elaborate production of the screen she has ever appeared in, Alice Brady has finished work in "The Fear Market" by Amelie Rives, as a Realart feature Clara Beranger has made an adaptation for the screen from the play in which Edmund Breese and Sidney Toler scored a great success four years ago This will be the last picture Miss Brady will make before she goes on tour with her last season's stage success "Forever After" while the scenes will be taken when she is playing the Subway Circuit in the same play

Kenneth Webb, who has been responsible for a number of Miss Brady's photoplays will direct "The Fear Market" is being shown at the American today

The first half of the picture is laid in Italy and the script calls for elaborate sets of Italian gardens, villas and hotels From three to four hundred Italian extra people will be used in these scenes The duplicate of one of New York's large hotels and a large mask ball are other features of the picture

Miss Brady has a highly dramatic role as Sylvia Stone daughter of Major Stone, a wealthy New Yorker who unknown to her is the editor of an indiscreet blackmailing society sheet Sylvia has been brought up in Italy by an aunt and falls in love with Ettore Fonti, a celebrated Italian tenor

In a moment of madness Sylvia elopes with the tenor but she discovers he doesn't intend to marry her She only escapes from him by playing on his superstitions by pretending to be a jettatrice evil eye and threatening to bring misfortune on him Sylvia tells her friend Mrs Hill wife of a New York artist about her experience and her friend in turn relates an escapade she had before her marriage A short time afterward an agent of Major Stone Jim Carson, calls on Mrs Hill and threatens to reveal her youthful indiscretion if she doesn't pay him $10,000 Not having the money and wishing to conceal her past from her husband Mrs Hill kills herself and leaves Sylvia a note of explanation. Sylvia determines to avenge her friend's death and find the unknown head of the paper

CHARGE DISTILLERS TRIED TO "BEAT" TAX ON WHISKEY

R. E. Walthen, above, and William Knebelkamp.

R. E. Walthen, president, and William Knebelkamp, general manager of R. E. Walthen & Co., Louisville, Ky., distillers, are out on $2,000 bail awaiting a preliminary hearing on charges of trying to defraud the government of taxes on distilled spirits. They are charged by federal agents with removing 8,000 cases of bottled in bond whiskey, tax paid at the rate of $2.20 per gallon for medicinal purposes, and selling it as a beverage, which requires an additional tax of $4.20 per gallon.

UGLY SKIN MADE CLEAR, VELVETY BY THIS SULPHUR

Because of its germ destroying properties, nothing has ever been found to equal Mentho Sulphur for the restoring of ugly, broken out skin, says a noted skin specialist. This special sulphur preparation will soothe and heal itching, burning skin that is broken out with eruptions, rash or pimples. Even fiery eczema is subdued instantly, leaving the skin smooth, soft and clear. You do not have to wait for improvement. It quickly shows.

In every case Mentho-Sulphur quickly subdues the itching, cools the irritation and heals eczema right up. All good druggists recommend Mentho-Sulphur, and you can obtain about two ounces for a few cents. Use it like a cold cream.

Careless Shampooing Spoils the Hair

Soap should be used very carefully, if you want to keep your hair looking its best. Most soaps and prepared shampoos contain too much alkali. This dries the scalp, makes the hair brittle, and ruins it.

The best thing for steady use is Mulsified cocoanut oil shampoo (which is pure and greaseless), and is better than anything else you can use.

One or two teaspoonfuls will cleanse the hair and scalp thoroughly. Simply moisten the hair with water and rub it in. It makes an abundance of rich, creamy lather, which rinses out easily, removing every particle of dust, dirt, dandruff and excessive oil. The hair dries quickly and evenly, and it leaves the scalp soft, and the hair fine and silky, bright, lustrous, fluffy and easy to manage.

You can get Mulsified cocoanut oil shampoo at any pharmacy, it's very cheap, and a few ounces will supply every member of the family for months.

On Discarding the Old.

The great discard the old because it has been found insufficient or false, the small because it is old. While the former is influenced by reason, the latter is by disgust. Genius wants to do more than its predecessor; he who apes genius, merely something different.—Lessing.

RABBI HEAD OF WORLD BODY IN PALESTINE MOVE

Rabbi Meyer Berlin.

Rabbi Meyer Berlin of New York has been elected president of the international conference of Nizrachi societies in convention in Amsterdam, Holland, discussing and arranging for the return of the Jews to Palestine. The organization has 80,000 members in America. The Jewish population of the world is 18,430,000, according to David Trietsch, well-known Jewish statistician. Over 3,000,000 are in the United States.

CALL TROOPS TO QUELL ARKANSAS RACIAL UPRISING

Dumas, Ark. Jan. 22—A detachment of 125 federal soldiers from Camp Pike, Ark. Governor Charles H. Brough and large parties of civil officers and posseman from nearby towns arrived here early today to take charge of a race situation arising from an alleged attack on a deputy sherriu by armed negroes yesterday.

Although apprehensive, local civil officials said they were of the opinion that the trouble would be confined to this district. The federal troops, six officers and 122 men, were ordered here from Camp Pike, after Governor Brough had conferred with departmental headquarters in Charleston, S. C.

According to reports today the disturbance started when J. H. Broedlove, a deputy sheriff and two white companions went into the negro settlement to arrest a negro charged with stealing hogs. Armed negroes, it was said, demanded the prisoners' release, and, when refused, opened fire. Shortly after the shooting, the wires leading from Dumas to the negro settlement were cut. Dumas is a village of 500 inhabitants. Negroes are said to outnumber it.

AGED COUPLE HAD STOMACH TROUBLE

LADY GAVE UNSTINTED PRAISE OF EARLE'S HYPO COD—FINE FOR AGED PEOPLE SHE SAID

"My husband and I were afflicted with stomach trouble," asserted the wife of a retired employee of the Good rich Tire & Rubber Co., whose name and address is given below.

"Our symptoms were much the same Bloating of the stomach after eating and the belching of gas frequently, accompanied with shortness of breath. Our sleep was greatly impaired, we were nervous and decided to try it. The very first bottle helped us greatly and my husband ceased complaining. His expression is even different and anyone can see the improvement that has been brought about by its use. It has done us both a great deal of good and I consider it a very fine tonic for aged people," declared Mrs. Mary Mott, 2167 W. 20th St., Cleveland, O.

Most everyone is getting along in years need a good tonic now and then to revive their rundown system. Nature needs a little help and for this you cannot get a better tonic than Earle's Hypo-Cod has proven to be in thousands of cases. The formula appears on every bottle and you can see for yourself that it contains nothing but the finest of medicinal ingredients. The Earle Chemical Company, name also insures you of full strength and quality, and we are sure that you will find it the most efficient. A large bottle costs but $1.25 plus 3c war tax.

VESSEL IS LAUNCHED COMPLETE WITH STEAM UP

The "City of Sherman" sliding sideways into the water.

The recent side launching of the "City of Sherman," a 9,600-ton steamer, at the Pensacola, Fla., shipbuilding yards, is considered one of the most remarkable feats in shipbuilding history. The vessel was 95 per cent complete when it slipped into the water. The boilers carried steam enough to handle the boat when it was launched. The boat was sent into the water sideways. According to builders, the boat is the second to be launched with its own steam up. The ship was named after Sherman, Tex., one of the first cities to go over the top in the last Liberty loan drive.

Cured His RUPTURE

I was badly ruptured while lifting a trunk several years ago. Doctors said my only hope of cure was an operation. Trusses did me no good. Finally I got hold of something that quickly and completely cured me. Years have passed and the rupture has never returned although I am doing hard work as a carpenter. There was no operation, no lost time no trouble. I have nothing to sell, but will give full information about how you may find a complete cure without operation, if you write to me, Eugene M. Better cut out this notice and show it to any others who are ruptured—you may save a life or at least stop the misery of rupture and the worry and danger of an operation.

RHEUMATISM LEAVES YOU FOREVER

DEEP SEATED URIC ACID DEPOSITS ARE DISSOLVED AND THE RHEUMATIC POISON STARTS TO LEAVE THE SYSTEM WITHIN TWENTY FOUR HOURS.

Every druggist in this county is authorized to say to every rheumatic sufferer in this vicinity that if two bottles of Allenrhu, the sure conqueror of rheumatism, does not stop all agony, reduce swollen joints and do away with even the slightest twinge of rheumatic pain, he will gladly return your money without comment.

Allenrhu has been tried and tested for years, and really marvelous results have been accomplished in the most severe cases where the suffering and agony was intense and piteous and where the patient was helpless.

Allenrhu relieves at once. Immediately after you start to take it the good work begins. It searches out the uric acid deposits, dissolves the secretions and drives rheumatic poison out of the body through the kidneys and bowels.

It's marvelous how quickly it acts. Blessed relief often comes in two days and even in cases where the suffering is most painful all traces disappear in a few days.

Mr. James H. Allen the discover of Allenrhu who for many years suffered the torments of acute rheumatism, desires all sufferers to know that he does not want a cent of anyone's money unless Allenrhu decisively conquers this worst of all diseases, and he has instructed Crandall's pharmacy, C. W. Phillips to guarantee it in every instance.

COUGHED UNTIL HE WAS WEAK AND THIN

HAS NOW GAINED 44 POUNDS AND SAYS HE'S ABSOLUTELY WELL

"A year ago I was down with pneumonia, which left me with a deep seat of cough. My doctor said he couldn't do me any good, and I would have to go to Colorado. I went but I didn't improve, and at the end I left the hospital. I was a mere skeleton.

"I met a person who had used Mulks Emulsion and he asked me to try it. I have now taken 21 bottles and have gained 44 pounds in weight and I am today in as good, sound health as I ever was in my life."—J. H. Johnson, 516 No. 32d St., Mattoon, Ill.

To give your body strength to resist disease, try building it up with Mulks Emulsion. A trial costs nothing.

Mulks Emulsion is a pleasant nutritive food and a corrective medicine. It restores healthy, natural bowel action, doing away with all need of pills and physic. It promotes appetite and quickly puts the digestive organs in shape to assimilate food. As a builder of flesh and strength, Mulks Emulsion is unequaled recommended to those whom sickness has weakened, and is a powerful aid in resisting and repairing the effects of wasting diseases. Chronic stomach trouble and constipation are promptly relieved—usually in one day.

This is the only solid emulsion made, and so palatable that it is eaten with a spoon like ice cream. Truly wonderful for weak, sickly children.

No matter how severe your case, you are urged to try Mulks Emulsion under this guarantee—Take six bottles home with you, use it according to directions and if not satisfied with the results, your money will be promptly refunded. Price 60c and $1.20 per bottle. The Mulks Emulsion Co., Terre Haute, Ind. Sold by druggists everywhere.

Glen Ellison to Sing His Scotch Songs

If you pine for the romance of "the old days," don't fail to hear Glen Ellison on Monday night, Feb. 16, at the high school auditorium. One song will be enough to bring up a picture of the wild adventures of the fierce black-haired Duncans, or the gentler pursuits of the sandy MacGregors. For there is a true Scotch burr on Glen Ellison's tongue that will make even a good American song like "Oh how I hate to get up in the morning," smell of heather.

Few artists before the musical world today can interpret the Scotch songs with real understanding of the emotional tensity underneath the Scotch reserve. Glen Ellison is one of the few.

They were a romantic lot, those Scotchmen, even if they would have you think otherwise. And nobody knows that better than Mr. Ellison. His clear sweet baritone is admirably suited to the plaintive melody of these beautiful old songs. He sings them with a deep and tender sympathy that brings out all the poignant sweetness that is indigenous to them. He has a wealth of splendid feeling at his command, and it shows to best advantage in these romantic times.

Monday evening, Feb. 16 will give Mr. Ellison's devotees a chance to hear him. He is in finer voice than ever and the concert promises to be a big event. Editor says that Mr. Ellison may be prevailed upon to sing one or two numbers by request.

elements of fertility back to the soil. The clover can bring to the soil what no other plant can and leaves it for the other plants to live on. There is no end to the amount of nitrogen but the problem is to get it in a form so it can be used. Clover solves the problem as nothing else can.

On the subject of how to raise clover, he said, "First of all use tile, drain your farm and use lime if your land needs lime. As to time sow early in March for the best results." If you grow clover, feed it and return it to the soil.

The morning session closed at 12:15.

The attendance was much larger in the afternoon.

Up to the time of going to press the street cars were bringing in more farmers and their friends and the attendance promises to go beyond that of all previous institutes.

Wednesday Afternoon.

Music by the Jubilee Singers opened the afternoon session. After announcements the president introduced Hon. Geo. H. Chamberlain, of Elyria, who spoke on "Forty Years Ago and Today." Mention was made of the early institute workers who spent their time and money to lay a foundation for the work that we carry on today. R. Baker, N. L. Cotton, Mayor Gates, W. A. Bramon and others were among the workers who will never be forgotten. The speaker spent much time on the advantages of the farmer of today, his progress and his success. Prof. F. S. Reefy lived to see the work of this association grow from a small gathering to the present large successful organization. Since 1897 the meeting has been held at North Ridgeville.

More music, followed by the Jubilee Singers under the direction of Mr. Thomas, which added much to the interest of the meeting. The Jubilee Singers have brought a message of song which has made a great hit with the audience.

Organization Reminiscent.

Dr. W. I. Chamberlain, of Hudson, gave the story of his life over eighty years, the largest part having been spent in promoting the interests of agriculture in Ohio and in the United States. This work has included several trips to Europe. The address was most interesting, the past eighty years having been a most progressive and inventive age.

Present R. C. Flag.

In the evening session of the Lorain County Farmers' Institute at Ridgeville last evening, there were several musical selections after which the Hon. George H. Chamberlain, representing the National Red Cross, presented the local chapter of the Red Cross at Ridgeville with a beautiful white silk flag inlaid in the center with the emblem of the Red Cross organization.

Mr. Chamberlain, in speaking for the Red Cross work, described how LaGrange had won the flag last year by using the war chest and making every person in the township a member. And how Ridgeville worked so faithfully and had four hundred members and he hoped that they would retain the flag. He told of the faithfulness of the Ridgeville people during the five loan drives and the Red Cross drive. He described very graphically the landing of a shipload of soldiers among whom was his own son, at the close of the war; and then of the landing of another shipload of the poor fellows who were wounded and taken to the hospital. He told of how he visited the hospital and some of the boys, and that, regardless of the condition of their bodies, they met the situation with a smile.

President Accepts.

The flag was accepted on the part of the local Red Cross by the president, Mrs. Van Ausdale. The Reverend Mr. Maple made the announcement and told of the prizes that were offered by the business men for exhibits.

J. F. Burke, of Elyria, then spoke on "Legislation and Political Activity of Value to the Farmer." He first spoke of the passage of the Eighteenth Amendment and what it meant and gave the story of the beginnings and finishings of the campaign. He then discussed the question of the high cost of living, particularly emphasizing that we are all to blame for a part of it, and responsible in part for it. He said that we are all charging as much as we can charge for everything that we have to sell, and that the high cost of living is due, in part to be sure, to the wages, but also to the enormous profits that are being made by all of us in various lines of work. He said that these profits are added to the cost of production and that where a monopoly is had, as in the steel industry, and other great industries, it is impossible to avoid this added profit except by some supervision looking out for the public interest, which we do not have at present.

At this point the Jolly Quartet from Elyria, consisting of Messrs. Paul Wilson, Walter Bailey, George Cox and Wilmer Skeeles, sang several selections.

Concludes Tomorrow.

The institute will continue today and Friday. The program for today is known as "Institute Day." The speakers are Geo. E. Scott, State executive committee chairman of the Ohio Grange, Prof. C. G. Williams, of the State Experiment Station at Wooster, and Dr. W. I. Chamberlain, of Hudson, O. In addition to these speakers from a distance a number of local men will take a prominent part in the discussion.

The exhibit is attracting much attention.

The last day of the institute will be Friday which will be devoted to interesting addresses and discussions led by members of the Grange. Mr. Geo. E. Scott, of Mt. Pleasant, will be the chief speaker.

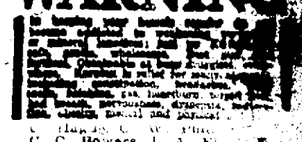

The Grange play will be given in the evening.

Method of Faking Violins.

A claim which has been made for X-rays is that by exposing to their light a good modern violin it will acquire the characteristic tone of a genuine Strad, the action of the rays in a few hours ageing the wood by some 80 years.

'OH, OH, CINDY' IS GREETED BY PACKED HOUSE

Home Talent Production Will Be Repeated Tonight —Well Acquitted

The home entertainment, "Oh Oh, Cindy" given for the benefit of the Knights of Columbus last evening at Rialto theatre was witnessed by a packed house and gave complete satisfaction judging from the frequent applause that greeted the various numbers.

The costumes and scenic effects were charming and the music catchy and strictly up to date, while the dancing was far better than is usually seen in an amateur performance. The dances given by the Parsch twins and Miss Elizabeth Phillips were especially commendable.

The leading characters were well taken and the entire entertainment was of such a character as to keep up the interest until the closing number. The entertainment will be repeated this evening.

the latest addition to the ranks of the baseball moguls Griff is president and part owner of the Washington ball club which he has managed for years. He and William C. Richardson recently bought the outfit.

Griffith is the last member of a triumvirate of old-timers to step into the owner end of the game. Charley Comiskey and Jim McAleer are the other two. To these three men must go much of the credit for making the American league a success. Comiskey invaded Chicago, Griffith, his manager, and Jim McAleer, who managed Cleveland, induced large numbers of National league stars to take a flier with the new outfit.

Comiskey has been a millionaire for some time as a result of his successful directing of the White Sox. McAleer became president of the Red Sox. Griff continued to confine his attention to managing teams until his recent move. Griff is the seventh president the Nats have had. Those before him were James Manning, Fred Postal, Tom Loftus, Henry Lambert, Thomas C Noyes and Ben Minor. The Old Fox has been manager since 1912. He went to New York to manage the Yanks when the A. L. invaded Gotham. He piloted the Yanks until 1910, when he went to the Reds as manager. He was there two years before going to Washington.

PEPTO MANGAN OBTAINABLE IN LIQUID OR TABLETS—INSIST ON "GUDE'S," THE GENUINE

There is really no reason why men or women with thin, watery blood and consequent poor health should remain in that unfortunate condition. Thin, nervous run down, tired people never get much happiness out of life.

Men and women with the bloom of health in their cheeks a cheerful, sunny disposition and an attractive personality are the folks who get most of life's enjoyment, pleasure and success.

Gude's Pepto Mangan furnishes thin, watery blood with the necessary nourishment to enrich it enabling it to supply energy, vitality and strength to every part of the body.

Physicians recommend Gude's Pepto-Mangan to patients suffering from anemia because its beneficial and lasting qualities are well known to the medical profession.

Gude's Pepto Mangan is obtainable in either liquid or tablet form. Both forms contain exactly the same strength and medicinal properties.

When you buy Pepto Mangan of your druggist, be sure the name "Gude's" is on the package. Without "Gude's" it is not Pepto Mangan.—Advertisement.

HAVE YOU HEARD

Of Lee Hovis experience in preparing breakfast for some strangers the other day? A man came into his restaurant and ordered ham and eggs for five, then stepped out to get his companions. Hovis got busy and prepared the meal but the customers did not appear. As time went by he became uneasy, then mad. He said he wouldn't give a darn if the men had ordered ham only, but when it came to eggs, he didn't like to lose a week's profits. Two hours later the party came in and explained that they had had their automobile at a garage and couldn't get it started. The eggs had become slightly passe by that time but they took them, thereby relieving Hovis' mind considerably.

ELYRIA CLEVELAND

Georges Carpentier, the French champion heavyweight who meets Joe Beckett this week for the championship of Europe, was born in Lens, France in 1892, so he has not reached his twenty eighth birthday.

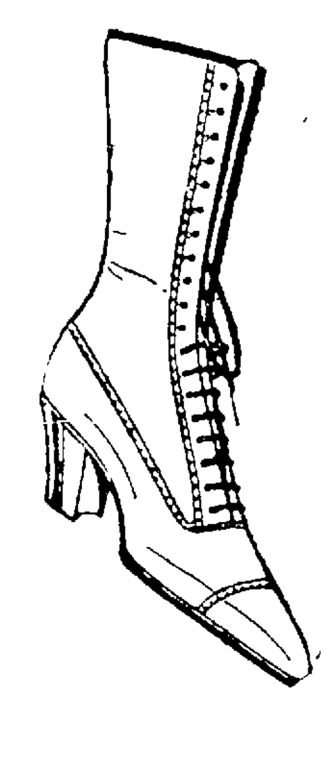

A great deal has been said, concerning Carpentier's physical condition, to the effect that he is a mere shadow of his former self and that the army life has ruined his chances of ever regaining his old form. There rumors do not ring true, for if other young men who before the war, followed a commercial career were benefitted by the discipline and training they received in the army, surely the clean living Carpentier did not suffer in his physical makeup while in service. It does not seem possible that a man just past twenty seven, who has been an athlete since he was fifteen and who has always taken the best of care of himself should be a physical wreck.

While not a giant, Carpentier stands 5 ft 11 in. and weighs about 180 altho he has taken on some weight since being in the army. He is not a rugged fighter but he does know every angle of the scientific side of boxing.

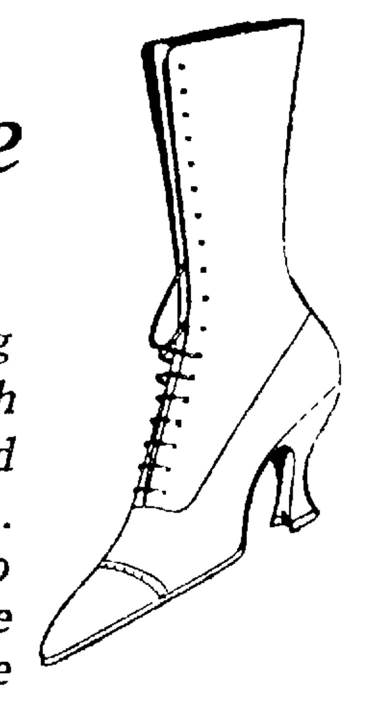

Georges began to box when he was fifteen. He revelled in boxing and never became discouraged when in the early part of his career he was not always the top dog. He has K O s galore to his credit and has won decisions over two good Americans —Gunboat Smith and Frank Klaus.

It has been five years since Carpentier has had a major battle. His judgment of distance as well as his form are sure to have suffered from so long a lay-off. Beckett is a formidable man and in good condition, having been fighting right along, but if Carpentier is near his old-time form, with his added weight, he should prove a big obstacle in the way of the ambitions of Beckett to fight Dempsey for the championship of the world.

Two Million in Prizes Offered In Air Contest

New York, Jan 21—Two million dollars in prizes will be offered to the world's champion airmen in various contest during this year, the Aero Club of America announced today

Plans are under way for a series of contests which, it is expected, will advance the conquest of the air farther than ever before, and information received by the Aero club here indicates that more birdmen will compete than in 1919

All competitions will be held according to the rules of the International Aeronautic Federation, of which the Aero Club of America is the sole representative of the U S.

CLEAN UP POISON SOAKED KIDNEYS ADVISES DR. CAREY

THOUSANDS DIE EVERY YEAR BECAUSE THEY ALLOW POISONOUS DEPOSITS TO ACCUMULATE IN KIDNEYS

Don't flush your kidneys with harsh makeshifts says Dr Carey, they are too frail and delicately constructed to treat that rough

For 40 years I have been prescribing Marshroot for kidney and bladder sickness and now that I have retired from active practice I have made arrangements with leading druggists to dispense this wonderful prescription

Beware of disease—thousands at a moderate price.

Beware [illegible] disease—thousands die of it every year who ought to be enjoying the blessings of life and health

If you have specks floating before the eyes, puffs under eyes, clammy feet or moist palms backache or sideache you ought to get a bottle of Dr. Carey's Marshroot right away.

It has conquered thousands of cases of kidney and bladder diseases and is the medicine you can always depend upon.

IMPORTANT—Dr Daniel G Carey has been a practicing physician for many years and his great prescription, "Marshroot" has cured thousands of sufferers from kidney and bladder troubles It is not a patent medicine and is only sold through drug stores in order to accomodate his patients.

Harry A. Crandall Pharmacy can supply you.

PENFIELD SOCIETIES SELECTED OFFICERS

Penfield, Jan. 21—The folks are surely not enjoying this "old-fashioned" winter, these days. The snow is deeper here than it has been for years.

The famous old road-scraper was out on duty Saturday shoveling a path through the snow, in the roads

There was no preaching in the Congregational church Sunday, on account of the irregular running of cars caused by the deep snow, and which prevented the pastor, who lives in Oberlin, getting here on time

Mrs S E Narlon was called to Mansfield, Thursday, by the serious illness of her brother-in-law, Scott Blair

Mr. and Mrs W B Lindsley were in Wellington, Wednesday

Miss Mamie Craddock and friend Jack Wittmere of Vermilion spent the week end at the home of her parents, Mr. and Mrs M L Craddock

Miss Avernon Butfields has been spending a number of days with Mrs. W. O. Rollin

Mrs. Charley Taylor is improving slowly. She is able to sit up a little while each day and is still under the doctor's care

The M. E. Sunday school social which was held at the home of Mrs. Mae Smith, the superintendent of the school, last Wednesday evening, was a great success. There was a fine crowd present. The evening was spent playing games, singing and visiting, with refreshments

Mr. and Mrs John McAlpine of Fairgrove, Mich., are visiting at the home of the latter's grandparents Mr. and Mrs. D C. Bunts They came Sunday night

The people in town were startled Saturday morning when the alarm of fire was given A bucket brigade was soon on the way to F E. Kleinhans' home, where the fire had originated from an overheated chimney in the attic of the wing over the kitchen, which soon caused a very severe blaze. There was about $500 damage done Had help come ten or fifteen minutes later the house and store might have been entirely destroyed by the fire The building is owned by Levi Smith of Elyria

The annual business meeting of the Congregational church was held in Society hall Thursday, Jan 15 and elected the following officers for the ensuing year. Clerk, Miss Ruth Denham secretary and treasurer, Charles Jones re-elected; trustee, George Bradstock re-elected. pianist, Mrs Bert Hastings, chorister, Mrs. P E Davison; assistant chorister, Willard Worth. Mr Bradstock has been a trustee of the Congregational church for the past fifteen years

The annual election of officers for the Ladies' Aid society of the Congregational church took place at Society hall Thursday, Jan. 15 They are President, Mrs H D. Taylor first vice president, Mrs. George Bradstock; second vice president, Mrs Jay Hart; secretary, Mrs. Minnie Jameyson, re-elected; treasurer, Mrs George Hastings. The attendance at these meetings was good and the reports given were all satisfactory, especially the financial report which stood better than expected. A basket dinner was enjoyed by all

OLMSTED

North Olmsted, Jan. 21—Rev Burr occupied the pulpit, Jan. 18, selecting for his subject: "Owe No man anything, but to love one another, for love is the fulfilling of the Law" The audience was rather small on account of the inclement weather.

The Ladies' Aid society met on Thursday with a good attendance A fine oyster dinner was served.

Mrs. W A Reed entertained her division Wednesday, with Mrs. Burr as chairman All enjoyed a very pleasant day Dinner was served.

Mrs J D Nichols is in Cleveland at the home of her daughter as her son-in-law Robert Lampert, is ill and the former is helping to care for him.

The Grange meetings are still kept up with quite a large membership

Mrs Busby is spending a few weeks with her sister, Mrs Briggs.

J. D. Nichols is quite busy as the

Wounds From Rusty Nails Dangerous

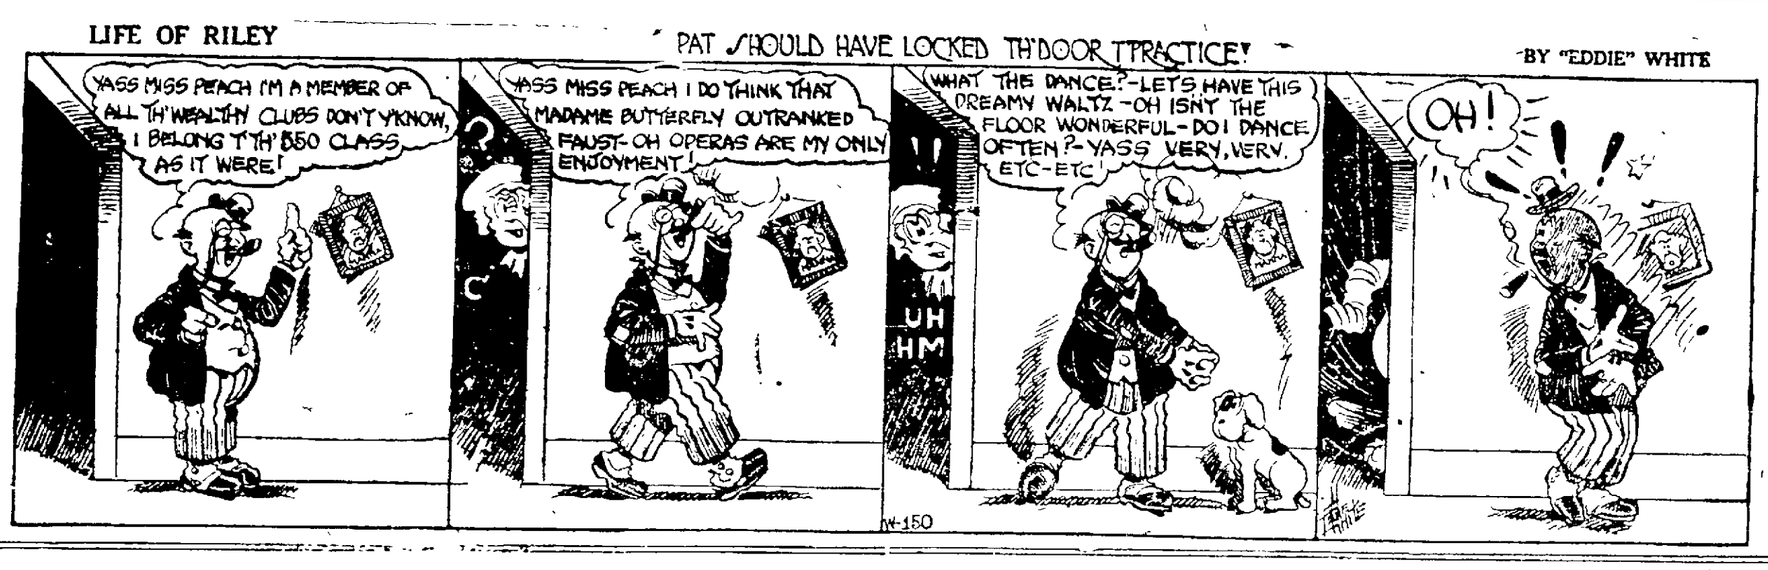

Houstonia Your Safeguard

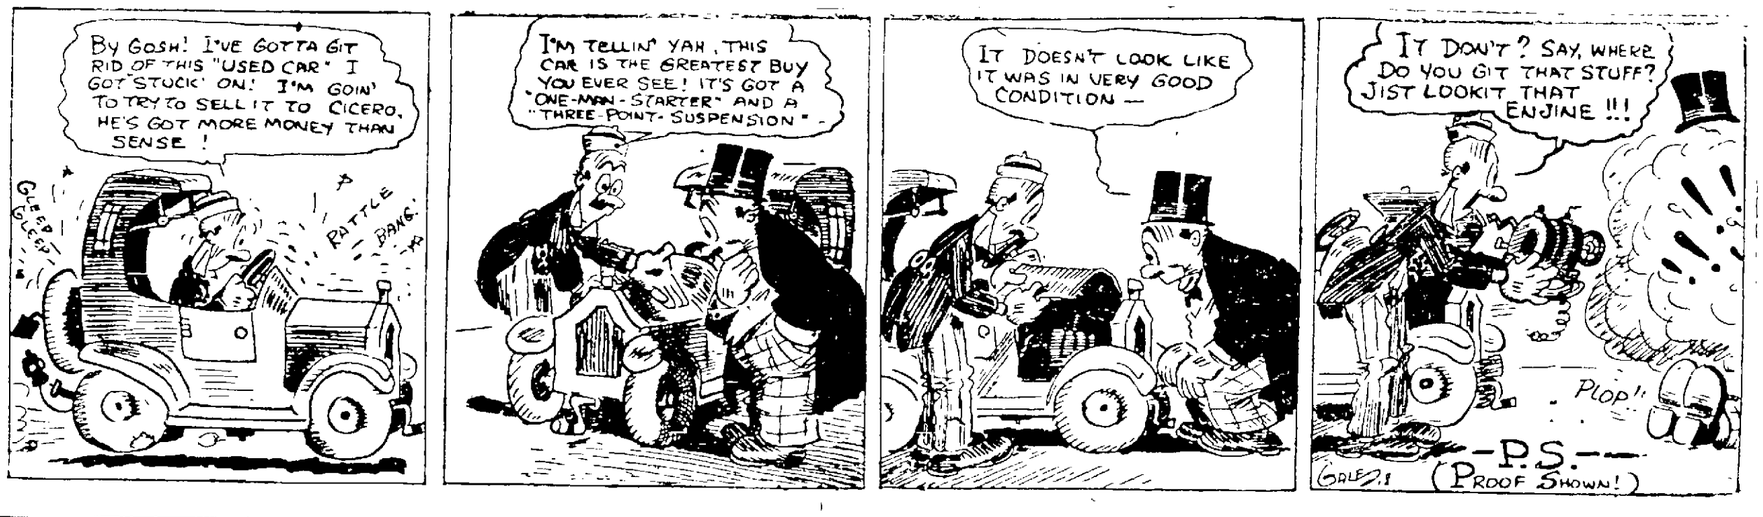

Serious results, through blood poisoning, often occur from scratches, cuts or wounds from rusty nails or other metal. Don't run this danger. Protect yourself by having a bottle of Houstonia always at hand for emergency use.

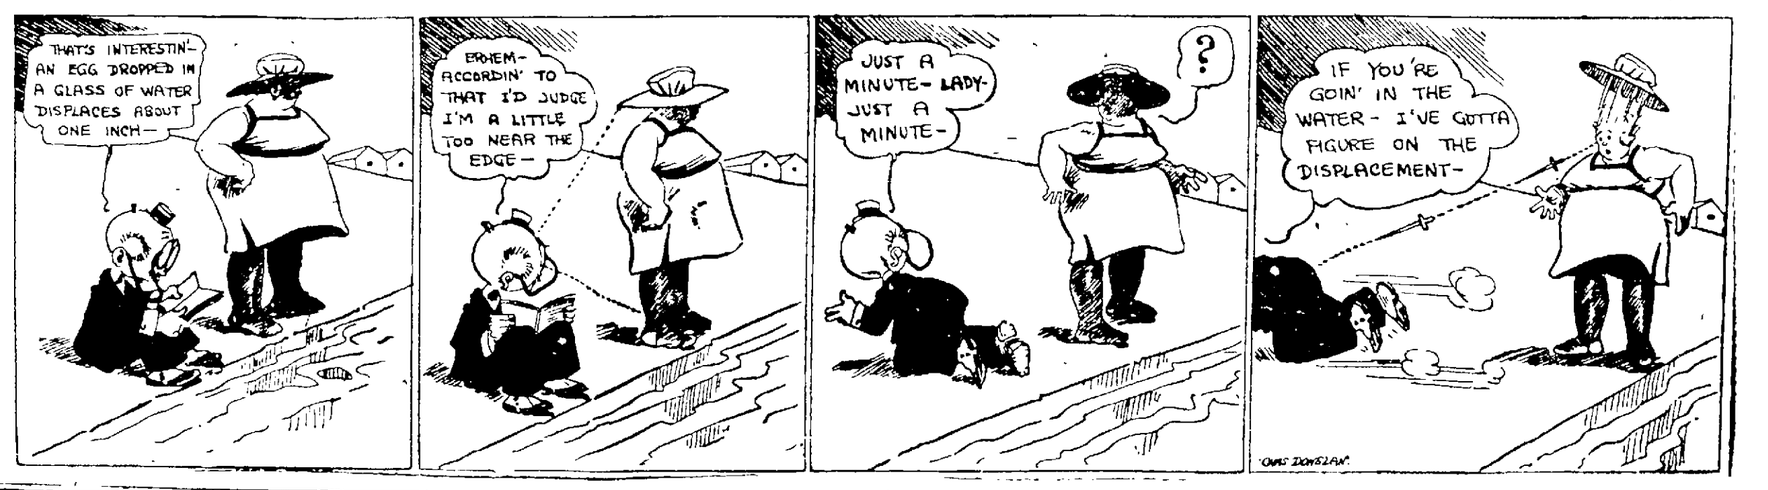

Dean McKillip, well-known farmer of Clark Co., Ohio, says: "I stepped on a rusty nail which extended halfway through my foot. I applied Houstonia to the wound and bandaged the foot. In a short time the pain got easier. After five days I did not limp and the wound healed nicely."

Houstonia (The Original Jones' Liniment) may be freely applied to open cuts, sores or burns without fear. It soothes while it heals. At your druggist. 25c, 50c and $1.00 sizes. Be sure you get the genuine House-tone-e-ah with Dr. Jones' picture on the yellow wrapper. The Dr. J. C. Jones Co., S. Charleston, O.

KIPTON

Kipton, Jan 21—Mrs John Kothe was in Elyria Thursday.

Miss Cora Bowen has been visiting for a few days at the B. F. Sees home.

Miss Alta Baker spent from Friday until Sunday with relatives in Cleveland.

Mrs Morris Green and daughter spent Saturday in Elyria.

Miss Marian Brown had her adenoids removed Saturday in Elyria. Her parents and Dr Hagerman went with her.

Andrew S Davidson has installed an electric Delco lighting system in their home.

Hattie Bronson spent Thursday in Oberlin.

The last number of the lecture course was given at the town hall Saturday evening with a small attendance on account of the weather but those present enjoyed the evening.

Mabel Latterman spent the week end with her parents.

Mrs Jack Perkins was a Monday shopper in Elyria.

Mrs Kothe went to Elyria Monday to bring her mother home from the hospital where she has had her eyes treated.

PITTSFIELD ATHLETIC ASSOCIATION TO GIVE SUPPER DANCE FRIDAY

Pittsfield, Jan 21—Community is under eighteen inches of snow on the level and some parts of the town it is reported there are drifts five feet deep. The thermometer hovers around zero every night and morning. Winter the old fashioned style, as one elderly person was heard to say, "The kind th' ...er used to make." And all agree with him.

Mr and Mrs Ray Brasee have moved back onto their farm.

Mrs Sara McCotter of Oberlin was an over Sunday guest of her niece Mrs Mary Brasee.

Arthur Whitney of Oberlin spent Sunday at A. J. McConnels.

Mark Widdowson visited his grandmothers, Mrs Jane Betts and Mrs Mary Widdowson in Wellington on Sunday last.

Carl Brandt and daughter Luella have been ill the past week but are better at this writing.

Herman Worcester and son of Elyria spent Saturday and Sunday at the home of Mr and Mrs Frank Root.

Mrs Lena Carter of Elyria was an over Sunday guest of her son, Ray and wife.

Henry Beam is ill with measles.

Mr and Mrs Louis Rogers of Elyria were Sunday guests of her parents, Mr and Mrs Pete Beam.

Little Velma Whitney who has been quite ill the past week with pneumonia is convalescent.

Harold Brown of Elyria spent Saturday and Sunday at the home of his parents, Mr and Mrs Eugene Brown. Marjorie was also home from Oberlin over Sunday.

The two younger daughters of Mr. and Mrs Hendrickson are entertaining the mumps.

The many friends of Mr and Mrs. Enders who left Pittsfield about fifteen years ago, after six years residence here and now reside in Defiance Ohio will be interested to know the correspondent received a very interesting letter from them recently, mentioning the good health of them all and especially of Mr Enders, he having never been well is now enjoying the best of health.

Mr and Mrs Walter Henson entertained a sleighing party of former neighbors and friends last Tuesday night.

The Athletic Association are to have an oyster supper and dance at the town hall on Friday evening of this week.

No death comes more suddenly than that from heart disease.

Send for his Heart Book and Two Lbs. Free Treatment. Describe your disease. Address Dr. Franklin Miles, Dept. HB 542 Franklin St., Elkhart Ind.

Growing Deaf With Head Noises? Try This

If you are growing hard of hearing and fear Catarrhal Deafness or if you have roaring, rumbling, hissing noises in your ears go to your druggist and get 1 ounce of Parmint (double strength) and add to it 1/4 pint of hot water and a little granulated sugar. Take 1 tablespoonful four times a day.

This will often bring quick relief from the distressing head noises. Clogged nostrils should open, breathing become easy and the mucus stop dropping into the throat. It is easy to prepare, costs little and is pleasant to take. Anyone who is threatened with Catarrhal Deafness or who has head noises should give this prescription a trial.

Resinol certainly healed that rash quickly

You don't have to *wait* to know that Resinol is healing your skin trouble! The first application usually stops the itching and makes the skin look healthier. And its continued use rarely fails to clear away all trace of eruption, crusts and soreness. Besides, it contains nothing that could injure or irritate the tenderest skin, even of a tiny baby.

Sold by all druggists and dealers in toilet goods.

PHYSICALLY PERFECT WOMEN AT UNIVERSITY

Columbus, Jan. 22—Physical examinations for women reveal that there are five physically perfect women at the Ohio State university, three of which are residents of Columbus. Those measuring up to the highest standards of physical fitness are:

Jean Bigger, senior, Julia A. Newkirk, sophomore, and Virginia Thompson sophomore, all of Columbus; Lady Halliday, freshman, Gallipolis and Josephine Thomas, ..., Lancaster. The grading was on the basis of sound body, and another examination will be held later to determine who will stand at the top of the list.

Indian Jewels.

Crossing from China to India, we shall find the people there often loaded with jewelry, writes Frank G. Carpenter, in "How the World Is Clothed." That worn by a single girl in the Himalya mountains may weigh many pounds. It is usually of brass, but sometimes of gold and silver. "In the valley of the Ganges there are women who wear metal rings in their noses, and some who have silver bells much like sleigh bells fastened about their toes.
